

17 November 2020

Dear Parents/Caregivers

South Australia has reintroduced several significant restrictions in response to a Coronavirus cluster in Adelaide's northern suburbs.

The following advice will impact on Mount Barker High School for the next two weeks:

- Competitive sport and training cancelled (indoor and outdoor)
- At all venues; one adult per four square metre rule applies
- No stand-up hospitality permitted
- The School will remain open unless we are directed to close

We ask that if your child is unwell, you keep them at home and if you or members of your family have any of the listed symptoms, even if mild, please go to a testing clinic for a free COVID-19 test:

- Fever or chills
- Cough
- Sore throat
- Runny nose
- Shortness of breath
- Loss of taste or smell

I will communicate regularly with you over the coming days with updates as the situation continues to unfold.

Kind regards

Warren
